WHITE CHRISTMAS - A jolly snow man sits in the front yard of a decorated home on San Antonio Drive. The unexpected snow fell last Friday and delighted Uplanders.

CHRISTMAS SNOW - The snow in Upland which fell last Friday adds to the Christmas decorations on a home in Upland on San Antonio Drive. The surprise storm lent a festive air to the Christmas season.

Christmas In Japan

By Toshiko Shudo
of Japan

Christmas spirit can be seen at everywhere in Japan in December. All department stores and small shops begin to put their Christmas decorations as soon as December starts. Bakeries also begin to sell Christmas cakes and Christmas ice creamcakes. Everybody can hear the Christmas song on the street.

However, Japan is not one of the Christian countries, and so not all the people in Japan celebrate Christmas at home.

Some of the people even do not know what Christ-

mas is, they celebrate it though.

For these people Christmas seems to be a kind of festival which is just for exchanging gifts among each other.

You may be surprised that some of the people who are even Buddhist exchange Christmas gifts. It is kind of sad that Christmas is considered like this among these people.

I will tell you what my family does (we are Catholic) at Christmas-time.

We put Christmas trees in the dining room and decorate it with shiny little balls or gold and silver

strings and other stuff.

We also prepare Christmas presents for each other and put them under the tree. Mother is always busy with making Christmas cakes and also cooking turkeys for Christmas dinner.

Christmas is not a national holiday in Japan, so my father and brother have to go to work.

We always have Christmas dinner on Christmas day. Sometimes, we go to church on 24th of December for midnight mass.

Christmas is a very wonderful occasion to my family. Probably they miss me this Christmas.

Area Christmas Snow Falls One Week Early

Did it snow?

It even proved somewhat of a surprise to the weather forecasters who foresaw the soft feathery stuff, but not that it would reach as far as south Ontario and in such proportions.

Although it melted almost immediately on reaching the ground in that city, Alta Loma, Cucamonga and Upland still had traces on Monday morning, and

in some cases more than just traces.

It began Friday around noon and in Alta Loma reached minor blizzard proportions with some residents reporting that they "couldn't see across the street," or beyond the end of their car's hood. One former Ohio resident reported that he had never seen more of a "blizzard" when he lived in that eastern state than he did on Friday in Alta Loma.

1 1/2 TO 5 INCHES Reports ranged from 1 1/2 to 5 inches of snow in various reaches of the populated foothills. However, as one person pointed out, damage to the lemon crops in the area, which are expected to prove quite extensive, was not done by the snow, but by the extremely low overnight temperatures in the groves. At one point in Alta Loma groves it reached 19 degrees on Friday night.

The cold weather held over the weekend and caused water pipes from meters to homes to freeze in some areas, according to the Cucamonga County Water District.

They also reported pipe for air conditioning units burst, spilling systems were touched off in the area and the automatic control on the booster system for the water district itself froze and had to be hand operated over the weekend. Norm Hixson, manager of the district said they logged "an awful lot of calls."

Children had a field day (grownups were seen joining in snow ball fights too) building snowmen, making snowballs and generally having a great time. Despite the fact that snow in this part of California is highly unusual (the last time was Dec. 20, 1967 and was not measurable) the children knew just how to react.

Those who dreamed and wished for a White Christmas got their wishes answered.

Didn't it snow?

City-Chamber Unite In Liaison Campaign

The Industrial and Commercial committee of the Chamber of Commerce has appointed a sub-committee who will meet on Wed., Dec. 18 with city hall representatives to establish guidelines and liaison between new businesses, city hall and the chamber.

Serving on the committee are Walter Reardon, chamber vice president; John Meyer, Modern Decorators; James Christensen, councilman; Tony Malone, manager; Upland Chamber, and Lee Travers, city administrative assistant.

Travers has been appointed by the city to personally welcome and guide new business people through the departments at City Hall. The city will also compile a book to help the newcomer in town find his way around.

A special sub-committee of the Industrial Committee of the Chamber has also been appointed to compile a land availability index.

In addition a speakers bureau sub-committee has been appointed.

Co. Planners OK Setback South Of Foothill Blvd.

A building setback requirement along the south side of Foothill boulevard between the County line was endorsed by San Bernardino County Planning Commissioners yesterday despite strong opposition from property owners.

Dissenting Commissioners L.H. Sanford and J.H. Paterson argued that the action is "not fair" to owners who fear Upland will annex the area and require frontage roads for commercial users, as it is on the boulevard's north side which is within the city.

Other commissioners felt the setback is needed at least for parking in front of any new buildings. They saw it as a traffic safety factor.

Several property holders objected that the city, if it annexes the area, will require frontage roads at owners' cost wherever there is now commercial development.

Upland City Manager Elwin Alder said his city requested the setback requirements to assure space would be left for such roads.

The commission's recommendation will go to the County Board of Supervisors for final action.

We're Younger

We have grown, Upland that is. The latest figures show us at 31,670. We're also getting younger. The average is now 26 compared to 30.5 in 1950. There are 10,365 housing units and 3.16 persons per household.

What's Doing In Upland?

By Jenny Kirkpatrick

CHRISTMAS GREETINGS Christmas - is everywhere like a prism it casts its many colored facets to touch almost everyone in some way. It has its own special beauty and charm. One cannot help but be caught up by it. There is no doubt it is a busy season and after it is finished, one feels letdown. But, while it is here, it brings enchantment and memories that last forever. To each and everyone I wish the merriest Christmas ever.

Del Hensley GOP Club Head

UPLAND - Del Hensley of Upland has been named to serve as president of the Valley Vista Republican Club for the coming year. He succeeds Harry S. Drake.

Also elected were Ernest Hendersen, vice President; Mrs. Harry S. Drake, secretary; and Mrs. Leila Benninghoff, treasurer.

The newly elected slate will assume office at the Jan. 9 meeting.

Library Moving

Library Patrons are asked to start checking out enough books to tide them over while the library is closed. It is expected to be closed on Tues., Dec. 31 and will not re-open until late February. However, books checked out now will not be due until March 1, according to Mrs. Louise Franke, librarian.

HAPPY HOLIDAYS! - Cabrillo School Kindergarteners welcomed Santa to their classroom. He promised he would arrive in Upland on Christmas Eve and leave something for everyone. He also wishes all Uplanders a Merry Christmas and a Happy New Year.

INGATHERING OF FOOD - Members of the Busch Car Club gather around the food they've collected for the needy. The drive started four weeks ago when boxes were placed in cooperating stores throughout

the area. The club members also went door to door to complete the drive. Donations totaled 1,500 cans which were given to the Salvation Army to be delivered in their annual Christmas baskets.

Data-Design Lab, Acquires Circuit Design

James R. Savage, president of Circuit Design & Manufacturing, Inc., La Verne, Calif., and Thomas Beiseker, chief executive of Data-Design Laboratories (CTC), Cucamonga, Calif., announced that an agreement in principle has been reached for the acquisition of Circuit Design by Data-Design. Acquisition will be for an undisclosed amount of stock.

Circuit Design is engaged in the design and manufacture of specialized custom circuit boards and multilayers. Beiseker said it is planned to expand the business into other geographical market areas under the management of James R. Savage and Huey Savage, present owners of Circuit Design.

Beiseker indicated that the acquisition is the first in a planned program to provide Data-Design with a stronger and more diversified manufacturing base.

Mrs. Hendersen Heads Girls' Club

Mrs. Ernest Hendersen has accepted chairman of Girls' Club of Cucamonga, one of the philanthropic projects of Assistance League of Upland, it was announced at League's December meeting, Dec. 12 at the League Center.

Mrs. Eric Miller, former chairman, has resigned for health reasons. Mrs. Hendersen has appointed Mrs. Daniel D. Mikesell as her co-chairman.

Mrs. George Brennan has accepted an appointment on the national public relations board, it was announced. She recently completed preparation of publicity handbooks for each of National Assistance League's six regions.

Assistance League provisionals and provisionals of Assisteenauxiliary helped with the annual Santa Claus, Inc., tea Dec. 15. Mrs. Carl J. Hase, Jr., a member of the Assisteena adult advisory committee, supervised the tea preparations made by the Assisteena provisionals, who included Claudia Buckley, Carol Causey, Sharon Eckhart, Diane Hixon, Donna Hixon, Margo Hor-

gan, Ann Koessler, Cynthia Rebeck and Kathy Rebeck.

League provisionals who assisted with the tea are the Mmes. Homer F. Briggs, W. T. Kegley, John J. Horgan, Dean E. Smothers and Warren Savage, with Mrs. Savage serving as chairman.

Seminar reports from National Assistance League's convention in Denver in October were presented by Mrs. Charles T. Vath, Mrs. Jack Jones, Mrs. Joseph Powers and Mrs. Jack W. Pierce, president of the Upland chapter. Mrs. Edward W. Novell reported on the convention's main speech given by Dr. Maurice B. Mitchell, chancellor of the University of Denver.

League's annual Mistletoe Ball was a success socially and financially, according to Mrs. Leonard G. Brotzman, who thanked all committeees and their chairmen. Mrs. Vernon H. Murray was ball chairman with Mrs. Brotzman serving as her co-chairman.

Members were served coffee and Christmas cookies prior to the meeting by Mrs. J. T. Waller and Mrs. William Walton, hostesses.

UP FOR ADOPTION - Tim Dyar, 5, of Upland paid a visit to the dog pound on Campus St. to see what kind of a dog he's like for Christmas. First he thought this one and then changed his mind in favor of a black one. By paying a nominal pound fee he got a dog. If you want to adopt a dog, call 982-1331 and make an appointment to go the pound. You'll be glad you did.

OH! CHRISTMAS TREE - The Citrus School Third grade choir sings a favorite German carol as part of the Holidays Around The World program. In the choir are: Glen Larned, Valerie VandenHeuval, Kim Tillman, Blair Nowak, Kirk Westmoreland, Douglass Miranda, Julie Miller, Elizabeth Looper, Dawn Tollison, David McNichols, Sue Vest, Pam Lewis, Danny Hoover, Glen Cozart, George Southworth, Walter

Voogt, Dawn Prastitis, Michael Woody, Frances Burns, and Sherry Herndon. Playing the autoharps are Suzanne DesVeaux, Stephen Kuhn and William Evans. The "German family" decorating the three are Joe Poor, John Noss, Bruce Lewman, Laura Colarossi and Candace Cramer. The Choir director is Kim Cook.

HAPPY HANUKKAH - Depicting the celebration of Hanukkah are Citrus School Third graders, Michael Maust, narrator; Mike Williams, Steven Schnell,

Kelly Rice and Timmy Wirts, the family. They were part of a group who appeared in the annual Christmas program.

Holidays Around The World Theme Of School Program

The Citrus Elementary School PTA was entertained last week by the third graders in a program entitled, "Holidays Around the World".

Favorite holidays celebrated by children in six different countries were depicted by the students.

Mistress of Ceremonies was Kim Cook, who dedicated the program to "Children all over the world and their better tomorrows."

The first holiday, Hanukkah, Michael Maust, the narrator, told the story of the miracle of the lights. The modern day commemoration of the event was enacted by Steve Schnell, Kelly Rice, Timmy Wirts, and Mike Williams. A select choir sang "Hanukkah." Members were: Glen Larned, Valerie VandenHeuval, Kim Tillman, Blair Nowak, Kirk Westmoreland, Douglass Miranda, Julie Miller, Elizabeth Looper, Dawn Tollison, David Mc-

Nichols, Sue Vest, Pam Lewis, Danny Hoover, Glen Cozart, George Southworth, Walter Voogt, Dawn Prastitis, Michael Woody, Frances Burns and Thomas Dryden.

The next event was the Mexican festival, Las Posadas. The choir sang "Noche de Paz" accompanied on the tone bells by: Tina Cordaro, Bret Gann, Ben Gemmill, Suzanne Lloyd, Candy Cra-

mer, Michelle Perry, Mark Lehman, Marc Hippie, Mary Florian, Pam Frye, Brad Larned, Theresa Glover, Gerald Hurndon, Sherry Eix, Melinda Clark, Randy Crow, Donald Holland, and Craig Vakerics.

Stephanie Lucas narrated the story of the nine day celebration while Joe Ambros, David Fox, Sherry Lynch, Linda Goggins, Gregg Hoyle and Lisa

Bonser portrayed the Holy family's search for lodgings.

The origin of the Christmas tree was explained in the next skit.

Sherry Herndon explained the springtime celebration of No Ruz, the Iranian New Years next.

The choir closed the program by singing a song of good wishes for the American holiday sea-

son.

LAS POSADAS - Depicting the Mexican Christmas celebration which was part of the Citrus School "Holidays Around The World" Christmas program. Bell ringers in the background are (Back row): Benn Gemmill, Suzanne Lloyd, Candace Cramer, Michele Perry; (Second Row): Mark Lehman, Marc Hippie,

Mary Florian, Pam Frye, Brad Larned, Theresa Glover; (First Row): Gerald Hurndon, Sherry Eix, Melinda Clark, Randy Crow, Donald Holland, and Craig Vakerics. Members of the family kneeling in front are David Fox, Gregg Hoyle, Lisa Bonser, Sherry Lynch and Linda Goggins.

KING AND CONTENDERS - Pete Husok, top right, was named King at Alta Loma High and reigned over the senior-sponsored Christmas Formal last Saturday night. His competition was, from left, top row, Bill Beckley and Alan Johnson and bottom row from left, Rod Stevens, Tom Fowkes and Dan Stevenson.

Pete Husok as 'King'

Pete Husok was named King and reigned over the annual Christmas Formal, "Warm Winter's Night," last Saturday at Alta Loma High School. The senior girls of Alta Loma High selected

six boys as finalists, then chose Peté as the one for royalty. Pete was a varsity football player and a member of the golf teams.

The senior class sponsors the Christmas formal.

INTEREST: The Bonds shall bear interest at a rate or rates to be fixed upon the sale thereof but not to exceed six percent (6%) per annum, payable semiannually on the fifteenth day of January and the fifteenth day of July in each year.

PAYMENT: Said Bonds and the interest thereon will be in lawful money of the United States of America at the Principal Office of the Trustee, Crocker-Citizens National Bank, in the City of Los Angeles, California, or, at the option of the Holder, at the offices of the Paying Agents of the Authority in the City and County of San Francisco, California, the City of New York, New York, or the City of Chicago, Illinois.

REGISTRATION: The Bonds will be issued as bearer Bonds or as fully registered Bonds with provision for exchange, all in accordance with the provisions in the Resolution Providing for the Issuance of the Bonds.

REDEMPTION PROVISIONS: Bonds maturing on or prior to January 15, 1979, are not subject to call or redemption prior to maturity. Bonds maturing on or after January 15, 1980, may be called before maturity, at the option of the Authority, as a whole, or in part in inverse order of maturity and by lot within a single maturity, from funds derived by the Authority from any source, on January 15, 1979, or on any interest payment date thereafter, upon payment of a redemption price equal to the principal amount thereof plus a premium equal to one-fourth of one percent for each year or fraction of a year from the redemption date to the maturity date of the Bonds, but in no event shall the premium exceed five percent (5%).

In the event of loss of or substantial damage to or condemnation of the whole or any substantial part of the Project, all of any part of the Bonds may be redeemed at any time by payment of the total principal amount and accrued interest to the date of redemption plus a premium as set forth above, but applied to all outstanding bonds whether callable or not.

PURPOSE OF ISSUE: The proceeds from the sale of the Montclair Fire Authority Revenue Bonds, will be used for construction of fire protection facilities to be leased to the City of Montclair.

SECURITY: These Revenue Bonds are issued pursuant to the Joint Powers Revenue Bond Act (Government Code 6540 et. seq.). These Bonds and the interest thereon (to the extent set forth in the Resolution) are payable from, and are secured by a pledge of and lien upon, the revenues derived by the Authority from the Project.

The term "Revenues" as used in the Resolution shall include:

First: Revenues derived from the operation of the Project, to wit:

(a) All rental and other income received by the Authority as lessor under the Montclair Fire Authority Facilities Sublease, and/or

(b) All rental and other income of any type and nature derived by the Authority from the use and operation of the Project if the same is operated by the Authority in case of default by the City.

Second: Certain other revenues, to wit:

(a) Any damages received under the terms of the construction contract that are not part of the cost of the Project under Section 3.04 of the Resolution, and/or

(b) Any interest or other income derived from the investment of the funds herein provided for that are not part of the Construction Fund under Section 3.03 of the Resolution.

Third: All rentals and other income of any type and nature received by the Authority as lessor or otherwise from improvements to or additions to or extensions of the Project later constructed or made.

Bond principal and interest coming due each year are payable from annual lease payments for use of the facilities payable by the City. Under the terms of the Montclair Fire Authority.

ority Facilities Sublease, the City agrees to pay the Authority an annual fixed base rental which will be sufficient to pay bond principal and interest plus additional rental in an amount sufficient to meet other necessary expenses of the Authority. The City has agreed to make appropriations in its annual budget for the amount of the base rental and a reasonable estimate of additional rental.

These Bonds are a special obligation of the Authority only, and are not a debt, liability or obligation of any other public agency, or a lien or charge against the property or funds of the Authority, except to the extent of the pledge of revenues, as provided by the Resolution or supplemental resolution pursuant to which the Bonds are issued. Neither the payment of the principal of these Bonds or any part thereof nor any interest thereon constitutes a debt, liability or obligation of the City of Montclair or the Monte Vista Fire Protection District, the public agencies who are parties to the Agreement creating the Authority.

TERMS OF SALE

Interest Rate: The maximum rate bid may not exceed six percent (6%) per annum, payable semiannually on the fifteenth day of January and the fifteenth day of July in each year. Each rate bid must be a multiple of 1/2 of 1%. No Bond shall bear more than one interest rate, and all Bonds of the same maturity shall bear the same rate. Each Bond must bear interest at the rate specified in the bid from its date to its fixed maturity date. Only one coupon will be attached to each Bond for each instalment of interest thereon, and bids providing for additional or supplemental coupons will be rejected. The rate on any maturity or group of maturities shall not be more than two percent (2%) higher than the interest rate on any other maturity or group of maturities.

Award: The Bonds shall be sold for cash only. All bids must

be for not less than all of the Bonds hereby offered for sale and each bid shall state that the bidder offers fair and accrued interest to the date of delivery, the premium, if any, and the interest rate or rates not to exceed those specified herein, at which the bidder offers to buy said Bonds. Each bidder shall state in his bid the total net interest cost in dollars and the average net interest rate determined thereby, which shall be considered informative only and not a part of the bid.

Highest Bidder: The Bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of premium bid (if any) from the total amount of interest which the Authority would be required to pay from the date of said Bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid, and the award will be made on the basis of the lowest net interest cost to the Authority. The purchaser must pay accrued interest from the date of the Bonds to the date of delivery computed on a 360-day year basis. The cost of printing the Bonds will be borne by the Authority.

Right of Rejection: The Authority reserves the right, in its discretion, to reject any and all bids and to the extent not prohibited by law to waive any irregularity or informality in any bid.

Prompt Award: The Authority will take action awarding the Bonds or rejecting all bids not later than twenty-six (26) hours after the time herein prescribed for the receipt of proposals; provided that the award may be made after the expiration of the specified time if the bidder shall not have given to the Governing Board notice in writing of the withdrawal of such proposal.

Place of Delivery: Delivery of said Bonds will be made to the successful bidder at the offices of the Trustee of the Author-

ity, Crocker-Citizens National Bank, or at such other place agreeable to both the successful bidder and the Authority. Payment for said Bonds shall be made in cash or certified Federal Reserve Bank Funds which are immediately available to the Authority or other comparable funds.

Prompt Delivery; Cancellation for Late Delivery: It is expected that said Bonds will be delivered to the successful bidder within thirty (30) days from the date of sale thereof. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the Authority shall fail to execute the Bonds and tender them for delivery within sixty (60) days from the date herein fixed for the receipt of bids, and in such event the successful bidder shall be entitled to the return of the check accompanying his bid.

Form of Bid: Each bid, together with the bid check, must be in a sealed envelope, addressed to the Secretary of the Authority with the envelope and bid clearly marked "Proposal for the Montclair Fire Authority Revenue Bonds." Each bid must be in accordance with the terms and conditions set forth in this notice and must be submitted on, or in substantial accordance with the bid form provided by the Authority.

Bid Check: A certified or cashier's check on a responsible bank or trust company in the amount of \$25,000, payable to the order of the Authority must accompany each proposal as a guarantee that the bidder, if successful, will accept and pay for said Bonds in accordance with the terms of his bid. The check accompanying any accepted proposal shall be applied on the purchase price or, if such proposal is accepted but not performed, unless such failure of performance shall be caused by any act or omission of the Authority, shall then be cashed and the proceeds retained by the Authority. The check accompanying each unaccepted proposal will be returned promptly.

Norton Oktoberfest Termed A Success

Proceeds of the recent Norton Air Force Base Oktoberfest have made available approximately \$20,000 for Norton non-fundable activities and similar base-community projects, officials announced recently.

First such allocation was a grant to the Jerry Higgins Family Scholarship Fund of \$1,000.

Higgins, a San Bernardino policeman, is recuperating from a bullet wound received in a shootout in nearby Colton in August. The bullet, lodged in his spine, has paralyzed the officer. Grateful San Bernardinians have set up a trust fund to aid in the education of his children.

The first base project under consideration announces CMSgt. William F. Higgins, carnival executive secretary, is to replace a present outmoded facility with a new base picnic grounds in the troop area of the installation.

Other proposals marked for inclusion are furnishings and additional improvements to the airmen's dining halls and dormitories, for which no Government funds are available.

Norton's Noncommissioned Officers Academy Graduates' Association, which sponsored the four-day commemoration of the traditional Germanic salute to Autumn, reports an estimated 150,000 persons of the Norton-Greater San Bernardino area thronged the carnival grounds.

Due to the tremendous success of this initial venture, Brig. Gen. Louis G. Griffin, commander of Norton's 63d Military Airlift Wing, stated, "We plan to make Oktoberfest a yearly event, not only to offer a few days of fun and entertainment to the community and our own families, but as a most important way to bring the best in off- and on-base recreational facilities to San Bernardino and Norton Air Force Base."

General Griffin also indicated that he was most impressed with the "... remarkable insight, hard work and imagination of our noncommissioned officer corps..." in taking over the entire Oktoberfest operation themselves -- and, most especially, with the positive response from the surrounding community area.

Particularly singled out for recognition were the San Bernardino radio stations and other area media -- along with community civic organizations and merchants and businessmen.

In line with the latter, Oktoberfest committee members noted that they are presently discussing with area chambers of commerce, and the Inland Empire Action Committee, other worthy community projects toward which portions of their newly acquired humani-

tarian fund might be devoted on behalf of the base.

Special thanks for many long hours of hard but unseen labor of the part of the many hundreds of volunteer workers -- military and civilian -- were expressed by Sergeant Higgins, together with Master Sergeants Richard L. Vogel and George Scott, carnival co-chairmen. Included in the above were the NCO Wives' Club and the many base civilian workers who so graciously and patiently assisted in the handling of the more than 500 retarded kiddies from Pacific State Hospital -- who were special guests of the NCO-AGA on the Oktoberfest opening afternoon.

"Cooperation on all base levels -- from top command to the lowest airman -- was the keynote to our success," echoed Senior Master Sergeants Sam Gates and Gordon Sheppard, assistant Oktoberfest committee chairmen in charge of manpower, transportation and the thousand-and-one details evolving from such a mammoth venture.

Cited particularly for their efforts were the base civil engineers; 63d Transportation Squadron -- with special note taken of the pooling of equipment with neighboring Edwards and March Air Force Bases to provide sufficient buses to convey the hospital children, and the base Civil Air Patrol unit for its assistance in handling traffic and the parking of cars.

An interesting little sidelight on the latter was the support gesture of a base guest and foreign-oficer trainee -- Royal Thai Air Force Capt. Ja-ruuk Kamutchat. When the heavy flow of traffic through the base gate jammed up on the third night of the carnival, Captain Kamutchat volunteered himself into the middle of the main intersection and spent several hours assisting CAP cadets in clearing the jam and smoothing the flow. The RTAF officer completed his advanced air transportation studies with the 63d Aerial Port Squadron and left for his home in Bangkok, Thailand shortly thereafter.

As they returned to the normalcy of regular duty and took stock of their recent venture, facts and figures began to emerge from the Oktoberfest committee. Prominent were those of SMSgt. Gordon W. Ek, food and beverage chairman, who revealed that more than 7,000 servings of knackwurst or bratwurst and sauerkraut were dished up by Hofbrau kitchens, together with an equal number of the traditional American hotdogs and hamburgers, spiced with over 1,000 pounds of onions. All were washed down with several thousand gallons of assorted beverages.

\$17,000 In Cash Awards Set For Exhibits Division

SAN BERNARDINO -- Cash awards totaling \$17,000 will be awarded to competitors in the Feature Exhibits Division of the 54th National Orange Show next March 6 through 16 in San Bernardino.

Competing for the awards, plus trophies and ribbons, will be Southland counties and cities or other organizations. Identical awards will be made in the two categories, said William E. Cozzo, the show's 1968 president.

A Sweepstakes award of \$1,000 and a trophy will be presented in each of the two categories, plus a first award, \$700; second, \$550; and third, \$400. Total cash to be awarded is \$3,000 more than last year, Cozzo explained.

Judges will determine winners on the basis of

Wildlife Board Purchases 800 Acres Near Victorville

California's Wildlife Conservation Board today completed its purchase of 800 acres of the water-rich Kemper-Campbell Ranch near Victorville, San Bernardino County, for development as the Mojave Narrows Wildlife and Recreation Area.

Board chairman William P. Elser of San Diego said the federal Land and Water Conservation Fund will reimburse the state for half of the \$763,000 purchase price.

Described as "a veritable oasis in the high desert within two hours drive of Los Angeles", the area will be developed and operated by San Bernardino County for public recreation based on fish and wildlife.

The county has allocated \$150,000 for the development of roads, trails, restrooms and other day-use facilities on the area within the next year. Public use with limited facilities is expected by next summer.

The area includes two miles of river frontage, a 50-acre lake and 12 smaller lakes and ponds. It holds a wide variety of trees and shrubs and has a large, year-around population of non-game birds for birdwatching. The area is expected to support controlled hunting for waterfowl in season.

Elser said that abundant water of ideal temperature makes the area an excellent site for a trout hatchery and for the development of public fishing.

California's Department of Fish and Game

has surveyed all other possible trout hatchery sites in Southern California and found none with suitable water quantity, quality and temperature.

The Mojave Narrows area has both pumped and artesian wells which deliver water of 58 to 60 degrees, considered ideal for trout production.

"Without question," said county parks director Smith Falconer, "Mojave Narrows Wildlife and Recreation Area will be one of the most outstanding units in our regional park system."

STOCK WHITE BASS IN COLORADO RIVER

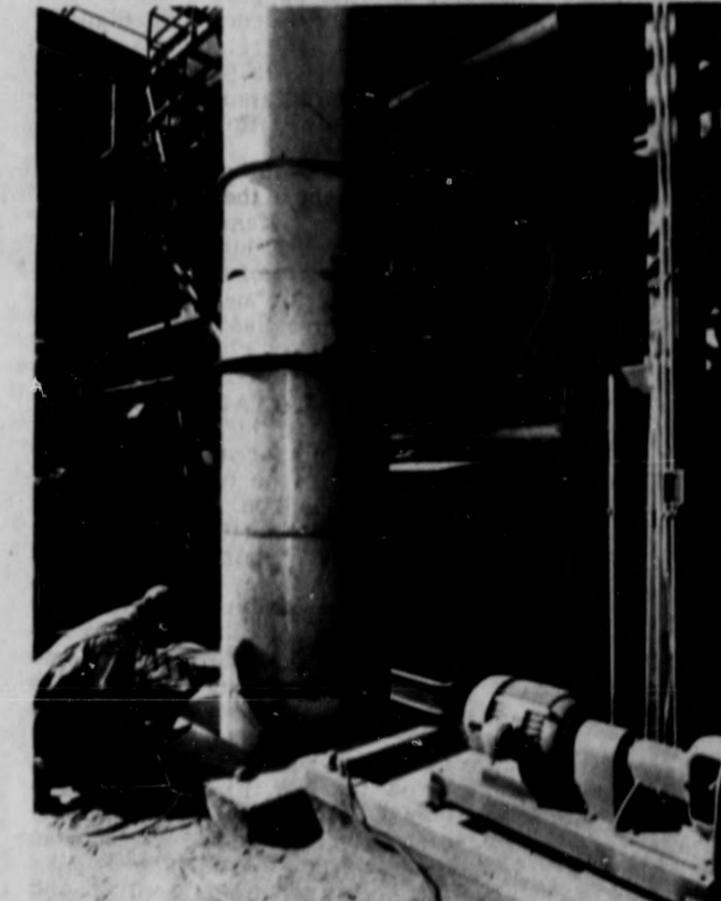

The first introduction of white bass into waters of the Colorado River was made on December 4 by California's Department of Fish and Game. Thirty-two white bass six to eight inches in length were released into Palo Verde Lagoon which ties into the river below Blythe.

The fish, from Lahontan Reservoir in Nevada, were provided by Nevada's Fish and Game Commission. Arizona's Game and Fish Department approved the introduction.

Follow-up stocking of white bass in the Colorado River below Parker Dam is planned as the fish become available.

White bass, a prolific relative of striped bass, average 1 1/2 to 2 1/2 pounds as adults and are readily caught during most of the year. They are expected to reach 12 or more inches in length at the age of two years.

California's Department of Fish and Game

AIR MIXER - Design engineer Doug Lawrie, on catwalk at Reliance Steel & Aluminum Co.'s \$3 million SupraCoat coil coating plant in Cucamonga, reaches behind filter mount to inspect installation of fresh-air makeup, or mixer, a vital link in the custom-designed air pollution control system. Mixer introduces fresh air to stabilize heat in 700-800 deg. F. range needed to dry coated strip as it speeds through ovens. Decontaminated hot air is recirculated and reused for efficiency and economy. Gas line (right) supplies fuel to combustion chamber-afterburner.

BICYCLE FACTS AND FANCIES

Although many people think that bicycles have always been pedaled, that bikes are strictly for kids, and that cycling's value is limited to fun, each of these ideas is a popular fallacy.

For example, the first crude bike, built in the late 1700's, had no pedals at all! This bike had wooden wheels and its front wheel didn't turn! The rider made the contraption move by pushing against the ground with his feet. The earliest vehicles weren't called bicycles, but velocipedes, meaning "swift foot."

Cycling literally got off the ground in 1865, when a rotary crank-driven velocipede was invented in France. In 1869, rubber tires replaced steel rimmed wheels, and the first bicycles as we know them were produced. The "bone-shaker" bikes, or "ordinaries" of about 100 years ago, had huge front wheels and small rear wheels.

Nor are bikes just for kids. According to the Bicycle Section of the Japan Trade Center in New York, many thousands of the 55,000,000 bike owners and riders in the U.S. are adults, and in many coun-

tries the bike is a more important form of transportation than the automobile.

There's more to cycling than fun. Want to develop your quadriceps and sartorius? Your gastrocnemius and soleus? Then ride a bike—for, according to the American Medical Association, cycling is a good way to build thigh and calf muscles. Back and shoulder muscles benefit, too.

Just as the human body is a precision machine, so is today's bicycle. Increasing numbers of our bikes are coming from Japan, where rigid quality control standards give bicycles the same kind of dependability and fine workmanship that have made Japanese cameras so popular.

The biggest bike ever made was a 10-seater, built about 1898. It measured 23' long, weighed 305 pounds, and could carry a load of over one ton.

DON'T BE AN 'IF ONLY' DRIVER THIS WEEKEND

Want to bet that you won't be involved in a traffic accident? If so, get good odds, even if you have a perfect driving record, because the experts say chances are 50-50 that you or some member of your family will be involved in a highway mishap before your driving days are through.

How can you use new safety findings to protect yourself and other motorists from becoming "if only" drivers? Driving experts from SAAB, the Swedish-safety-engineered car, suggest a five point program.

(1) Be alert to psychological as well as physical causes of accidents. Impatience with the slowpoke and righteous anger at the road hog . . . failure to realize the potential seriousness of "little" accidents . . . assuming that an experienced driver "automatically" does the right things in emergencies—these are some of the most common and deadly psychological driving hazards.

(2) Seek wide-open spaces. The old rule of one car length for every 10 miles of speed is all right on city streets and ordinary roads—but stretch it

miles of the victim's home.

MAKING THE YULE SCENE — The lobby windows and doors of the Chaffey College little theater are adorned in colorful Nativity art to welcome guests to the annual Community Christmas Choral Concert, Thursday, Student Don Southwick, shown in silhouette, adds a final touch to a panel in the series of Biblical illustrations along the front of the building. The series was an art class project. Thirty Christmas songs will be featured on the concert program which starts at 8 p.m. There will be no admission charge.

C'HRISTMAS VISITOR, SAM' — California Citrus Queen Rhonda Brokaw promised Citrus Sam, symbol of the National Orange Show, a surprise this Christmas, so she brought his country cousin, Citrus Sue, from Cucamonga, for a visit. Sam had complained he was going to need help in planning for the biggest citrus exposition yet in San Bernardino next March 6 through 16.

'SAM, SQUEEZE, PLEASE' - California Citrus Queen Rhonda Brokaw pushes a reluctant Citrus Sam down the chimney, trying to explain to him that a "special delivery" Christmas surprise awaits him on the hearth. Sam has been complaining that not only is he lonely, but that he needs help in getting ready for the 54th National Orange Show next March 6 through 16 in San Bernardino.

We Think This Is Worth Reading. IT'S ABOUT YOU.

You Have Helped Make This Church
The Fastest Growing Congregation

(And This Congregation Is Now Only Three Years Old)
You Are Making Possible The Development
of One of America's Outstanding Churches.

THANK YOU.
That's What We Want To Say.
THANK YOU.

WE INVITE YOU TO ONE OF SOUTHERN CALIFORNIA'S MOST UNUSUAL NEW YEAR'S WORSHIP—A SERVICE OF RESOLUTIONS.
At 9:30 & 11:00, December 29. Believe us,
It Will Help You Get '69 Off Right.

Citrus Sue Ambassador To National Orange Show

SAN BERNARDINO -- A perky, curly-haired miss named Citrus Sue has been added to the roster of goodwill ambassadors by the National Orange Show and she will make her initial appearances during the March 6-16 show in San Bernardino.

Citrus Sue is a country cousin of Citrus Sam, famed little rotund orange man who dances his way across billboards and ads throughout the country, leading the way to the citrus exposition of fun and festivity every March.

Lending a new spark to the programs planned for the 1969 citrus exposition, Citrus Sue will accompany Sam on many of his parade and civic appointments. She is fashioned just his size and was created by the show's commercial artist, Judith Crocker.

The "new star's hair is a bright curly orange and she is attired in a bright blue dress with lace trimming. Her freckles and rosy cheeks are her pleasing attributes and she sports a

perky straw hat complete with bright daisies.

According to William E. Cozzo, this year's president of the National Orange Show, she disclosed to him that her plans may even include entering California's outstanding Citrus Beauty Queen contest which is an opening night feature of the Orange Show.

He added that she may not "capture the crown for her physical beauty, but her sparkling personality has already captivated the entire staff at the show."

Navy Waiting Period Down

Petty Officer Bob Kapperr of the Ontario Navy Recruiting Office announced today that the usual long waiting list for the regular Navy is now at a minimum. He is now accepting qualified enlistments for the next (2) two months. For further information, call him at 984-8624 or drop by at the Post office, located at 123 W. Holt Blvd., Ontario.

FAMILY POT LUCK

Two medium-sized fresh sweet potatoes will equal about 1 1/4 cups of cooked mashed sweet potatoes.

You can add honey, mustard and a bit of ground ginger to canned baked beans, with exciting results. Or, blend honey with peanut butter to create a fine glaze for a baked ham.

If you make sandwiches nearly every day for school children or a working husband, variety is essential. One tasty spread requires 1/3 cup mashed liver sausage, 3 hard-cooked eggs, 1/3 cup chopped ripe olives, 1/4 cup mayonnaise and a dash of Worcestershire sauce. Blend ingredients well, use enough sauce for pleasant flavor. Refrigerate between uses.

Sesame seed biscuits are right for a change of pace. Take 2 cans oven-ready biscuits and arrange on baking sheet. Brush each biscuit with butter and sprinkle with 1/4 teaspoon sesame seeds on top. Bake in a pre-heated 450 degree F. oven for 8 to 10 minutes.

Nut Chewies
(Makes 3 dozen)

1 cup light brown sugar
1 egg
1/2 cup sifted all-purpose flour
1/4 teaspoon salt
1/4 teaspoon soda
1 teaspoon almond extract
1 cup coarsely cut nuts

Sift together flour, salt and soda. Mix sugar, egg and almond extract. Beat well. Stir all together and add nuts. Pour into a greased 8-inch square pan. Bake 20 minutes in a moderate (350 degree F.) oven. Cut in squares when cool.

The light boats used in rowing races are known as shells.

MAC NCO Academy Graduates Certified

Seventy-three outstanding noncommissioned officers - from Military Airlift Command units about the world - received certificates of graduation from the initial class of the newly relocated MAC NCO Academy, in ceremonies held last week at Norton Air Force Base.

Among the top graduates of Class 69-1 was Nortonite T.Sgt. Herbert F. Mueller, of 7267 Victoria Ave., San Bernardino. An electrical power production specialist assigned to the 63rd Civil Engineering Sq., Mueller received special recognition as one of the Distinguished Graduates to finish in the top ten percent of his class.

Present for the graduation, on the stage of the Auditor General Auditorium, were CMSgt. Conrad F. Stevens, NCO Advisor to the Commander, MAC; Lt. Col. Simon H. Scott, MAC Chaplain's Office; Col. John G. Williams, commander, 89th Military Airlift Wing, and Brig. Gen. Louis G. Griffin, commander of Norton's 63rd Military Airlift Wing, and Brig. Gen. John H. Herring, commander of 438th Military Airlift Wing, who presented the graduation address and presented recognitions. Sharing the platform were Academy Commandant Lt. Col. Sigmund Alexander, and CMSgt. Don L. Meyers, academy director of education.

In his address to the class, General Herring stressed the increasing problems of officer manning, with imminent demise of the present officer corps which has been building since World War II. Three out of four senior air officers, he pointed out, will leave the service within the next several years. New young officers to replace them enter the Manning void from AFROTC and other commissioning programs, he added, but these well-educated young men, with such great potential, lack ex-

perience. This will place a greater responsibility upon the "middle management" of the Air Force noncom.

Receiving the Honor Graduate Award was MSgt. James D. Vinson, of Det. 1, Hqs., MAC. Charleston AFB, S.C. Vinson attained the number one position in the class as the result of his overall outstanding academic performance during the five-week course of instruction.

MSgt. Alva W. Reid, Hqs., Pacific Air Forces, Hickam AFB, Hawaii, was recipient of the Commandant's Award. This presentation is made to the student displaying outstanding attitude, progress and effort while attending the academy. Although not necessarily presented to the number two man in the class, the award is rated the second highest individual recognition.

Honor Graduates, named from the top ten percent of the students, included MSgt. Perry D. Casey, Hill AFB, Utah; Technical Sergeants Samuel Polson, Hickam AFB, Hawaii; Howard Brown, Travis AFB, Calif.; James E. Mine, Charleston AFB, S.C., and F.M. Everett D. Trapp, Dover AFB, Del., and Ssgt. Stanley J. Lubrant, Dover AFB, Del., as well as Sergeant Mueller.

Nortonites among the first graduating class were Master Sergeants Oscar C. Hudson, 14th Military Airlift Sq., and Willie T. Fennell, 63rd Organizational Maintenance Sq.; Technical Sergeants Victor J. Reyes, 63rd Security Police Sq.; Walter S. Kydd, 63rd Military Airlift Wing; Sidney J. Owens, 63rd Communications and Electronics Maintenance Sq., and Sergeant Mueller.

While Class 69-1 graduated only 73 students, subsequent classes will number 125 noncoms. The new alumni, members of the 101st class in the school's 13-year history, brought the total of graduates to 12,200.

Harlem Globetrotter Benefit Scheduled

The Harlem Globetrotters, a one-team basketball circus, will play a special benefit performance in San Bernardino on Tuesday, Feb. 4.

High school journalism students will receive scholarships to college with proceeds from the game.

The Inland Chapter of Sigma Delta Chi, professional journalism fraternity, is sponsoring the Globetrotters' annual visit to San Bernardino for the first time this year. Private promoters had sponsored the Globetrotters in the past.

The Sigma Delta Chi chapter in San Diego has

raised many thousands of dollars for scholarship funds by sponsoring the Globetrotters. This inspired the Inland chapter to follow suit.

Meadowlark Lemon, the clown prince of the hardcourt, again will be headlining the Globetrotters when they bounce into San Bernardino during the middle of the basketball season.

Their Tuesday night game will not conflict with the busy high school basketball schedule in February, because many schools play afternoon games on Tuesdays.

Details of ticket sales will be announced soon.

Local Professor Co-Authors Book

ALTA LOMA--A Chaffey College professor had his hand in the writing of a satire in mock-Biblical style on the 1968 elections which could well become a collector's item.

It's title is "The Begatting of a President" printed by Vulgate Press in paperback form (47 pages), and the publisher reports heavy consumer demand for the limited edition.

Chaffey's Myron Roberts, along with literary team mates Lincoln Haynes and Sasha Gillen, turned out the booklet as a unique comment on this most unusual political year.

The triumvirate's "Begatting" starts off with "L. B. Jenesis," which isn't bad for a pun. It spurs the reader on with such other headings as "Burn, Pharaoh, Burn," "Paradise Bossed," "The Book of Hubert," "Wal-

"Jericho," and "The New Lazarus or The Raising of Richard."

Here's a sample of the style:

"And LBJ said, 'Let us make war on poverty,' and, lo, there were welfare checks fallen upon the land, and upon them it was writ, 'Fold not, neither shall ye spindle nor mutilate.'

Roberts, who teaches English at Chaffey, is a writer and associate editor for Los Angeles Magazine. He authored "A Nation of Strangers and Other Essays."

Rudolph Valentino, the popular screen idol whose funeral in 1923 attracted a crowd 11 blocks long, had a name almost as long. He was born Rodolfo Alfonso Raffaele Pierre Filiberto Guglielmi Di Valentino d'Antonguolla.

Internal Revenue Service Questions and Answers

Q - I started working this fall. Will enough be taken out of my paycheck to cover the new surtax as well as the regular income tax?

A - For most people, withholding will be sufficient to satisfy their federal tax liabilities this year as it has in the past.

Withholding rates were adjusted in July to take care of the tax surcharge. As you started work after that date, tax will have been withheld at rates set to satisfy your federal income tax liability.

The new tax surcharge will have an effective rate of 7-1/2% in 1968. Although the tax surcharge rate is 10% it is in effect for only 9 months of the year for individuals. The surcharge on corporation income is in effect for the entire 12 months of 1968.

Q - Why isn't a check made out to cash acceptable as proof of a charitable contribution?

A - To substantiate a deductible expense your records must indicate, among other things, the purpose of the expense, to whom paid, as well as the amount.

A check made out to a specific organization, a charity for example, may well be sufficient to establish that a deductible contribution has been made.

Q - I've made a substantial pledge to my church's building fund. Can I take this deduction on my 1969 return if it is to my advantage?

A - Deductions for charitable contributions can only be taken for the tax year they are actually paid. If you pay all or part of your pledge this year then you must take the deduction on your 1968

return for the amount actually paid. To take the deduction on your 1969 return you should postpone your payments until 1969.

Q - My paycheck was a few dollars higher last time even though my gross earnings were the same. Are taxes lower?

A - No, the only recent change in federal tax withholding rates was the 10% increase resulting

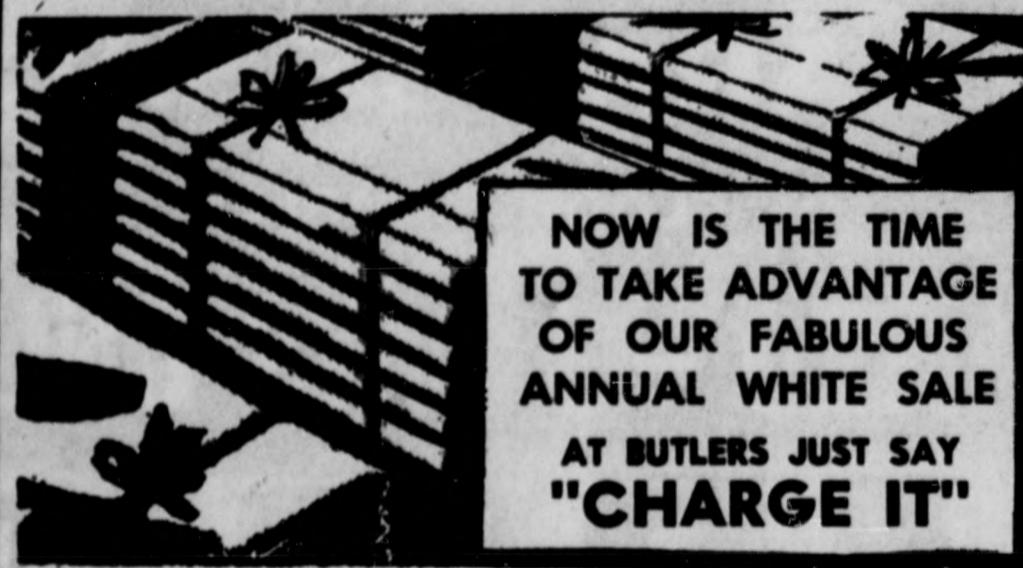

from the surcharge. Your net pay could be higher if Social Security taxes are no longer being withheld from your wages. An employer is required to withhold Social Security taxes only on the first \$7,800 paid. After that total is reached these taxes are no longer withheld so that the net amount of an employee's paycheck will go up.

Q - Can I make changes

If you are the first to submit a question which Dr. Quizmee, our information specialist, answers in this column, we will present to you, free, the complete, illustrated 25-volume set of Funk & Wagnalls Standard Reference Encyclopedia.

Mail your questions to Dr. Quizmee in care of this newspaper.

This week's winners of the encyclopedias sets are: Mrs. Marvin Tarachow, who asked:

"Was it Plato or Socrates who died of drinking the poison hemlock, and why did he drink it?"

Socrates, a Greek philosopher, was convicted in 399 B.C. and sentenced to death on charges of neglecting the gods of the state and introducing new divinities. As was customary at that time, he carried out the death sentence himself by drinking the hemlock.

Real Estate Facts

Real estate exchanging is big business and growing, and by no means confined to trading in the home you're living in for a bright, modern, new one. Realtors and other real estate brokers work out exchanges for their investor-clients involving residences, apartment buildings, raw land, shopping centers.

If he repeats that process, by the time he has a notion to retire at say 60, he could live comfortably off the income.

There are simple two-way exchanges, three-way, even as many as six-way. Each year the Exchange Division of the California Real Estate Association holds a contest for the best exchange of the year. The ingenuity of the Realtor is a factor for winning, but most important is the satisfaction of his clients. One winner in a category, recently, won for a six-way exchange.

These exchanges come about largely because the owners can trade equities that way, that is, the amount of money they have in the property exclusive of mortgages. Sometimes very little money, if any, needs to change hands. And as long as the property qualifies under the Internal Revenue Service definition for "like properties" there are few immediate tax liabilities as a result of the exchange.

The "like property" definition of the IRS are "properties held for productive use in a trade or business, or held for investment." This means an apartment can be exchanged for a gas station, if the parties want, and remain under the definition.

The most helpful ingredient is to have a Realtor or other real estate broker who knows something about the intricacies of exchanging watching for other owners who could solve their problems by swapping. One winning exchange in the CREA contest, for instance, involved an 18-unit apartment rented to students, a three-plex, a four-plex, shares in a mutual fund, and three different owners.

When it was concluded, the owner of the apartment had cash from the mutual fund, the owner of mutual fund shares owned the three-plex and four-plex and had a management arrangement, and the owner of the three-plex and four-plex owned the apartment, happy because she was a student rental specialist.

This kind of exchanging is seldom simple because of the varying needs of the people involved, and especially because of tax considerations. Generally, it may avoid the tax an owner may have to pay if sold, then took the proceeds to buy another kind of property.

This is especially useful to young people who are interested more in building an estate than immediate income. If, for instance, young investor managed the down

1969 Student Research Program

Thirty-three college students in California will enjoy a rare opportunity this summer to work side-by-side with well-known medical scientists. Students who act now to obtain application forms and information from the San Bernardino County Heart Association, may apply for scholarships in the 1969 Student Research Associates' Program of the California Heart As-

sociation at 760 D Street, San Bernardino 885-6765.

Selected students are assigned to laboratories in California where they work in heart research under the supervision of qualified senior scientists. Students or parents of students may obtain an informational brochure by writing or phoning the County Heart As-

sociation at 760 D Street, San Bernardino 885-6765.

Dr. Lawrence E. Ver Husen, (Chairman of Research Committee) of the local Heart Association, in announcing the 1969 program, said that each student selected will receive a stipend of \$750 to cover his living expenses for ten weeks to begin shortly after June 1, 1969. Dr. Ver Husen par-

ticularly encouraged students of physics and chemistry to apply because of the growing importance of the basic sciences to medical research. "The purpose of the Student Research Associates' Program," said Dr. Ver Husen, "is to encourage gifted science students to consider careers in cardiovascular research."

Cal. Edison Pays County Tax Early

County alone this year to \$10,221,739.92.

As in years past, about half of this money will go directly to the support of public schools in San Bernar-

nardino County, accord-

ing to C. G. Shores, Edison Upland manager.

He said that the grand total of Edison's 1968-69 property tax payments in 15 counties will amount to a record \$69,737,368.84.

Spartans Overwhelmed By Lancers

LA PUENTE - Damien High dropped a 67-47 decision here Tuesday night to Bishop Amat in a non-league contest.

Bishop Amat raced to a 16-10 first-quarter lead and broke the game open by outscoring the visiting Spartans, 24-6, in the second quarter. It was 40-16 at halftime.

Dan Carolino led Bishop Amat's scoring with 22 points.

Joe Edmonds was high for Damien with 16. Cliff Childs chipped in with 12 points for the Spartans.

Damien plays Montclair Friday night.

Braves Topple Upland In Intersectional Clash

UPPLAND - Alta Loma Braves out shot, out rebounded and out played Upland for 42 minutes and then had to hold off a late Highlander surge for a thrilling 71-69 win on Upland's home court Friday night.

The Braves hit 48 percent of their shots in the first half and held a five-point lead going into the locker room at intermission.

Forward Mike England's six points and seven rebounds in the third quarter helped the Braves push the margin up to nine points with eight minutes to go.

Three Point Play

But then the Highlanders started forcing AL mistakes and were able to capitalize on the floor miscues in the final quarter to pull within two points with 1:35 remaining. Louis Engle scored a three-point play at that time to make it 69-67.

But England again came up with the big play when he took a pass from Rich Hernandez, drove the lane and threw in a layin with 1:18 on the clock.

After numerous turnovers, Upland came down to score with 13 seconds left on Stan Bane's 25-footer from above the key.

A length-of-the-court pass to Joe Beckley was nullified because of traveling and the Highlanders had another chance to tie it.

England had ten points in the second half and four in the first and ten rebounds. Beckley cleared the boards 13 times and added 13 points for the visitors.

Engle scored 25 points to lead the Highlanders after scoring only four of those points in the first half. He connected on two crucial buckets in the final two minutes to pull his team within two closest it came to victory.

Kirk Riehl added 18 in the losing cause before he fouled out with nearly four minutes remaining in the game.

Tim Arner and Isidro Monge added to the bal-

anced Alta Loma scoring attack with 15 and 16 points respectively with Monge scoring most of his points in the first half and Arner adding 12 of his in the second.

MHS Sports Teams To Be Introduced To Booster Club

Montclair high school sports booster club members will have an opportunity to see the team players they are supporting in winter sports when members of the high school's basketball and wrestling teams are introduced Thursday evening, Jan. 10.

The 7 p.m. meeting is scheduled to be held in the school's cafeteria where refreshments will be served to players and parents.

Eagles Conquer Cavaliers In Non-League BB Tilt

RIALTO - Eisenhower High School hawking the ball in the final period

Tuesday afternoon and then played keep-away in the final seconds to overcome Montclair and go on to a 49-47 non-league varsity basketball win, the first success in five outings for the Eagles.

Montclair was hurting as four of its players were hit by flu, but overall court hustle helped matters.

Inaccuracy from the floor, although getting a total of 19 baskets credited to the hosts, proved the difference as Coach Mike Jackman's Cavaliers hit just 27 percent.

Billy Graham Crusade Slated In Area In '69

Culminating two years' planning, the Southern California Billy Graham Crusade, Inc., today announced definite dates for the 10-day Anaheim Stadium Crusade have been agreed upon by the City of Anaheim, the California Angels baseball management and the Crusade Executive Committee.

Santa Ana Councilman Lorin Griset, Executive

Committee Chairman, said the Crusade will begin Friday night, September 26, 1969, and will end nine days later, Sunday afternoon, October 5. Each evening's program will begin at 7:30. The two Sunday programs will start at 3 p.m.

Thousands of laymen and ministers, representing numerous denominations from Santa Barbara County to San Diego,

are taking part in plans for the event. The Rev. Galal Gough, pastor of the First Methodist Church, Santa Ana, said 1,000 ministers will be working with the Ministers Council alone.

Only 30 per cent of the nation's college students were in private institutions in 1966, with 70 per cent in public schools. Before World War II, 60 per cent were in private and 40 per cent in public colleges.

Mexicans Can Now Enter Some States In US Without Visas

WASHINGTON—December 11, 1968, Raymond F. Farrell, Commissioner of Immigration and Naturalization Service, announced today that Nonresident Mexican Alien Border Crossing Cards will be accepted in lieu of a passport and visa for visits up to 15 days to Texas, New Mexico, Arizona and California under a new program beginning January 15, 1969.

The Commissioner explained that a very simple procedure had been established to allow holders of Nonresident Mexican Alien Border Crossing Cards to visit HemisFair and other points in the State of Texas for a period of 10 days during the San Antonio HemisFair. Because that simplified procedure was such a success, it has now been decided to adopt a similar procedure border-wide for visits up to 15 days within the four border states. Under the new simplified procedure a Mexican national may be issued a form (SW-434) valid for travel anywhere in Texas, New Mexico, Arizona or California for 15 days upon presentation of a valid border crossing card at a Mexican border port of entry. The document will not be valid for

travel beyond the four-state area.

Commissioner Farrell described the procedure as "a program designed to encourage and facilitate business and vacation travel by our Mexican friends in our southwest border states". He added that holders of Border Crossing Cards who desire to visit points in the United States outside of the four-state border area or for periods longer than 15 days may also be issued a document (Form I-94) cover-

ing such travel upon presentation of the valid Border Crossing Card at a port of entry.

Cushion Filling
When making filling for cushions, cut a roll of cotton in small squares. Put them in a pan in the oven and heat for 30 minutes. Do not let the cotton get scorched. Each square will swell to twice its original size and will be as light and fluffy as feathers for cushions.

NOW PLAYING - Called the "Jazz phenomenon of 1968," the Craig Hundley Trio is featured in "The Johnny Mathis Show," playing through New Year's Eve at Anaheim's Melodyland Theatre. From right, the boys are drummer Gary Chase, 14, pianist Craig Hundley, 14, and the 16-year-old bass player, Wilford Chapron, who replaced a 12-year-old whose mother wouldn't let him go on the road. (I)

NEW CP PROGRAM - George B. Jenkins, assistant professor, Stanley N. Cohen, assistant professor, and Dr. Hugh O. LaBounty, Jr., Cal Poly vice president for academic affairs, review the approved program for the college's social services major.

WELCOME TO ASTRO CITY - That's the name given to this 33-foot rocket ship that is the featured attraction in "PlayFair '69," annual holiday exhibit at the California Museum of Science and Industry in Exposition Park. The rocket, with slides, ladders and climbing bars, is one of the playground toys that make up the show. Children are invited to come try it out.

SUNKEN LIVING ROOM - Elegant sunken living room with high-beam ceiling and massive brick fire-place is among standout features in spacious ranch-style model home at Equestrian Estates in Diamond Bar. Half-acre to one and one-half acre estate homesites in the exclusive, gated community are priced from \$9,990 to \$25,000. The property also includes five miles of permanent bridle trails and riding rings. Equestrian Estates is located on Diamond Bar boulevard between Brea Canyon road and Pathfinder drive.

FLAVOR-MATES - From colorful California comes a very special and colorful new recipe for "Avocado Ribbon Loaf", a three-layer gelatin mold combining the mellow, nut-like flavor of ripe avocados with tomato-and-shrimp aspic. Top and bottom layers contain tomato juice spiced with horseradish, chopped green onions, lemon juice and a 4 1/2-oz. can of medium shrimp. The lightly-seasoned filling is a combination of avocados and sour cream. Makes 8 servings.

Area Libraries To Receive Books As A Memorial

As a memorial to the late Mrs. Lydia Pearce, seven libraries in the Pomona Valley received donations of books dealing with the United Nations. Mrs. Pearce was a past president of the Pomona Valley Chapter of the United Nations Organization.

Mrs. Daniel Preska, president of the local chapter, and Mrs. Charles Rasham presented the first set to the Pomona

Public Library on October 21. Mr. Raymond Holt was on hand to receive them.

Similar donations were made to the libraries of Alta Loma-Cucamonga, Chino, Claremont, La Verne, Montclair.

The books for Upland Library are awaiting the completion of the new building. Harold Barbour and Charles Tryon will present the books at the appropriate time.

Graziano, president of the association.

Mr. Robert Latham presented the books for the Alta Loma-Cucamonga Library to Mrs. Howard Kilmurray.

HOLIDAY ON HORSES - Even the horses join the Christmas spirit at Equestrian Estates in Diamond Bar as youngsters at the new horse-oriented community staged a unique parade featuring their noble steeds in festive yule costumes. In photos on top, Jeannenne Lillibridge decorated her horse, Minute

Man, as a fireplace while Alison Lewis' pony, Smokey, came appropriately as Santa Claus. Below, the real St. Nick arrived on horseback preceded by Rudolph and two reindeer helpers, led by owners (from left) Margie Edwards, Madelyn Gleske and Donna Dickson.

A Celestial Treat... Paradise Fruit Cake

FRUITCAKE-WINE MARLOW

Combine 1½ cups of diced marshmallows, 2 cups Fruit Cake cubes, 2 tablespoons of Muscatel, ¼ teaspoon nutmeg and 1 cup whipped cream.

Allow to stand several hours before serving.

Chef if desired.

FRUIT CAKE A LA MODE

Serve with a sherry butter sauce. Place a large scoop of ice cream on slices of Fruit Cake. Spoon 2 tablespoons of the sauce over each serving.

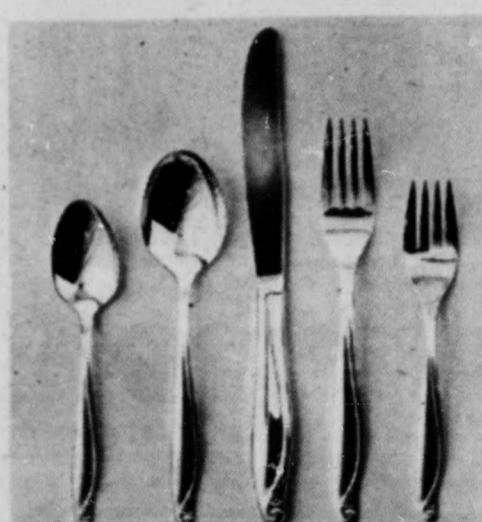

To make the sauce, combine ¼ cup of melted butter, 1 cup of sugar, and two tablespoons water in a saucepan. Cook until thick and blended, stirring constantly.

Add a tablespoon of lemon juice and grated lemon rind, a dash nutmeg and ¼ cup sherry.

JAPAN'S FIRST . . . This is an artist's conception of Japan's first nuclear-powered ship, due to be completed by January, 1972, at a cost of about \$15 million. There are three big nuclear driven surface craft in the world at present—the "Lenin" of the U.S.S.R., the "Savannah" of the U.S. and the "Otto Hahn" of West Germany. It is believed that, because of a strong anti-nuclear feeling among the Japanese people, the ship will not engage in long world cruises.

Charlie Brown' Gen. Tel. Amends Request For Increase Biafra Benefit Dated Dec. 27

A special benefit performance to aid starving Biafra natives of Africa will be presented at the Ivar Theatre in Hollywood on Friday, Dec. 27 for a 5 P.M. matinee of "You're A Good Man Charlie Brown." Tickets are priced at \$25 and \$10.

The sponsors of this benefit, Food For Biafra Committee, hope to have an exceptional turnout of stage, screen and TV celebrities. Among those already contacted and expected to be on hand to act as hosts, ushers and greeters are: Burt Lancaster, Rod Serling, Bob Newhart, Eva Marie Saint, Cliff Robertson, Barbara Bain, Martin Landau, Robert Vaughn.

Entire proceeds from the special performance will be given to the Biafra committee. The cast of "Charlie Brown"—Gary Burghoff, Nicole Jaffe, Judy Kaye, Hal-James Pederson, Will Seltzer, Robert Towers are donating their services.

The New Year's Eve performance of "You're A Good Man Charlie

SANTA MONICA—General Telephone Company of California filed an amendment to its \$46 million rate application with the California Public Utilities Commission. The new amendment reduces the original request to \$41,695,000, according to Richard L. Ohlson, vice president—revenue requirements.

General Telephone Company for intrastate long distance calls and message unit calls in the Los Angeles basin will also reduce the needs of the utility for increased rates," Ohlson said.

In citing reasons for the amendment which reduces the original request for a rate increase, the vice president stated: "We are amending our original request for \$46 million in increased rates to \$41,695,000 due to several recent changes in our revenue requirement.

"As a result of the amendment, customer rates will not rise as much as originally requested, and in some areas our customers will actually receive a significant reduction from

"The total effect of the wage increases, postal increases and the increased revenue from message unit and long distance calls will give us a rate of 5.79 percent return for our investments for the year 1968," said the vice president.

For LaVerne, San Dimas, Pomona and Walnut the one-party present rate is now \$4.10 and would increase to \$4.85.

Hippies Fading Into History, CMC Professor Observes

CLAREMONT—"Hippies are showing signs of fading into history," says a Claremont Men's College professor who has made a two-year study of the psychedelic crowd, "but their art, their music, and their precedent-breaking style of life will have a permanent impact on American culture."

R. Christian Schriner, lecturer in forensics and a student at the School of Theology, will soon be commuting to San Bernardino to teach a course entitled "Psychedelia for Squares," for UC-Riverside Extension. Purpose of such course, he says, is to discover what values there are in psychedelia, and to set up "bridges of continuity" between these values and the values of society.

As a student of theology, Schriner has studied the inter-relationship between the psychedelic movement and religion. He visited the Haight-Ashbury district in San Francisco (before its decline), studying the life style of the hippies and their usage of drugs as a religion-searching tool. He believes that drugs have contributed to much of the unhappiness and unrest found among the hippies of today.

FLOWER CHILDREN
It is Schriner's theory that the flower children's way of living will be projected into the future, but with several modifications. The community type of living now practiced by many will continue, he says and drugs will still be important to them, but they will not be as drug-oriented as they have been in the past. Their music and art,

Arabian Horse Shows To Start Again, Jan. 5

The second session of the California State Polytechnic College, Kellogg-Voorhis, Pomona, 43rd season of Arabian horse shows will open Sunday, Jan. 5.

Shows will be given at 2 and 3:30 p.m. every Sunday in the horse show arena, January through May.

Admission is 75 cents for adults and 25 cents for children under 12.

The Arabians, headed by such stars as Poly Royal and the famous trick horse Tezadi, will be displayed in 11 different acts by Cal Poly students and staff members.

Performances include comedy, English, West - ern pleasure, trail, mare and foal, dressage, cattle penning, and jumping events. Costumes for the acts range from the traditional English riding habit to bright Mideast garb.

Between performances, visitors may investigate the Arabian trophy room and its red, white, blue and gold ribbons, bronze cups and silver trophies that trace the 43-year history of the Kellogg Arabians.

Cal Poly, Pomona may be reached by driving east or west on the San Ber-

nardino freeway and exiting on San Dimas ave., near the western edge of Pomona. The campus may also be reached by turning off Valley blvd. at Temple ave.

In a special meeting at the bank's head office, the shareholders also approved a proposal to adopt a restricted stock bonus plan.

As a result of the ap-

authorized bank shares was increased from the current 28,980,000 to 35,000,000, and the authorized capital from \$181,125,000 to \$218,750,000, based on a par value of \$6.25.

The stock dividend will be payable on December 30 to shareholders of record December 18. The bank noted that the se-

dates differ from the previously announced dates of December 23 and De-

cember 2.

the dividend period. Shareholders will receive one additional share of bank stock for each five shares they now hold, and cash payments for fractional shares.

Under the restricted stock bonus plan, bonuses could be granted to a limited number of key management personnel to recognize specific contributions to the bank's growth.

Chopin's famous "Funeral March" does not express grief over the death of an individual, but expressed the Polish composer's feeling over the loss of the independence of his native land.

Maple Butter Is Something Very Special

A jar of maple butter is really something special. Keep it handy in the refrigerator for using on hot biscuits, toast, pancakes, waffles or other hot breads. And, as though that is not enough, try spreading it on graham crackers or plain cookies for a between meal snack for the children. As the butter for cinnamon toast . . . well, that is something else. Simply whip $\frac{1}{2}$ cup (1 stick) soft butter with 1 cup maple syrup until mixture resembles whipped cream.

Upland High

Christmas Vacation at Upland High finds the campus void of students and teachers alike. Activities are summed up in a word I find the perfect description-nil. In order to at least turn in a story and take up as much space as possible, I will espouse on the activities not often seen by outside persons. The time is the week before Christmas.

MONDAY

Miss Typical Student goes to her first class, Algebra 5-6. She finds that the test on Chapter four will be on Thursday. Bad Scene. Next is her second class, English Literature 7-8. Tuesday, Wednesday and Thursday will be the test on Hamlet. An essay identification of lines from the play, and a recital is required. Joy. She goes to Study Hall. Bone up for tomorrow's tests. Happy week. Journalism is okay, no test. Physiology 5-6. "Short test on Friday. Hah. Then comes P.E. no sweat.

TUESDAY

Miss Typical Student reviews for Algebra test. Such fun. Next she writes a five page essay for English Lit. Struggle. In Study Hall she recovers from her first two classes. Sleeps. In Journalism paste-ups are due. Headache. Now in Physiology the class reviews cell mutation. She gets caught praying for respite from Wednesday and Thursday. In P.E. there is field hockey. Ouch.

WEDNESDAY

Last day for questions in Algebra. Forgot book. No questions. In English Lit. Miss Typical Student finds that teacher picked lines she thought important. That's the way it goes.

In study hall she sits. Only 15 more class periods. Hope. In Journalism plays poker (substitute teacher). She wins. Something goes right. Physiology finds her asleep in class again. It's a great week. P.E. does nothing. Respite.

THURSDAY

Algebra test covers Factor Theorem. Miss Typical Student studied Positive Integral Exponents. Test worth 110 points. Better luck next time. Last day of English Lit. test. She gives recital. She forgets lines. At least class thinks its funny. In Study Hall she plays Gin. She wins. Day is not a total loss. Journalism finds student playing poker. She loses. Win some, lose some. In Physiology, she does NOT fall asleep. Gets compliment from teacher for her great feat. Test tomorrow. Ruins whole period. P.E. does nothing but play field hockey. Ache.

FRIDAY

It's a half-day. It's also a free-day in Algebra. Teacher is almost human. Day brightens for Miss Typical Student. In English Lit. candles lit, lights out, Christmas carols echo. Beautiful. In study hall teacher does not allow talking. Dandy. Boredom. In Journalism, half of class absent. Paper is distributed that day. Slave. Physiology really does have a short test. Class not bad after all. In P.E. not time to dress out. Sit and talk with friends. School ends at 12:30. Vacation. MERRY CHRISTMAS and Happy New Year.
